Natural stone, chosen by its vein

E-Catalogue 2026 · Nuray Çengelci

Guidance that touches the soul of stone

Reading the language of natural stone is not just a trade for us, it is a passion. We build an aesthetic bond between exceptional quarries and your projects, examining and selecting on site the texture hidden in every block.

OUR SELECTION STANDARDS

Only stones whose vein structure and durability meet our criteria enter the Marmora Marble collection.

Istanbul and Afyon

Marmora Marble draws on the deep know-how and craft heritage of Afyonkarahisar, Turkey's marble capital, and carries that experience to architecture worldwide with Istanbul's design vision.
